

HAVE THEY FORMED A SUICIDE CLUB?

BELIEF THAT STUDENTS HAVE MADE PACT WITH DEATH.

Organization Embraces Some of the Brightest Youths in the School—Two Have Thus Far Taken Their Own Lives—Both Were Sons of Professors.

Madison, Wis., Sept. 27.—A suicide club exists among the students of the state university. At least such is the assertion made by those who pretend to know whereof they affirm. It is said to embrace in its membership many of the brightest lads in the school.

Henry B. Freeman, son of Professor B. Freeman, of the state university, and brother to Dr. Dwight Freeman, of Chicago, was found dead by his father this morning. The young man bought a bottle of chloroform yesterday morning and used it freely before death ended his morbid feelings.

He first tried a cloth saturated with the anesthetic, but this method seems to have been too slow. Then he poured the chloroform into a dish and buried his face in it. He was found that way when his father went to his room to arouse him for breakfast.

Young Freeman was to have entered the university today. His was a bright mind, but he suffered much from nervousness, at times growing moody and disconsolate beyond the power of his friends to dissipate. He would turn from these melancholy fits into stages of the most exuberant hilarity, which would last for weeks, only to relapse into melancholia again. He had many friends.

His mother, to whom he was much attached, has been confined in an asylum for the insane for some years, and this fact apparently had much to do with the gloominess of the son. Freeman lived next door to the late W. W. Allen, son of Professor Allen, whose body was found in Lake Monnetonka some days ago. It is known that young Allen killed himself, and the death of young Freeman, his most intimate associate in life, has suggested the theory that a suicide club, the like of which existed in a Missouri college some years ago, has been started by the boys in Madison.

BASEBALL REPORT.

Scores of Yesterday's Games in the National League.

Both Chicago and Pittsburg played another fast game yesterday, and there was little to choose between the pitching or the fielding. New York crawled up a little by taking two victories where two defeats would have been rather expected. The Phillies dropped both games, but it makes little difference, as both are in pursuit of Chicago. Cleveland, after eleven innings, took the game from Cincinnati. Baltimore lost considerable ground, succumbing to Washington, while Boston had the Brooklyn as victims twice. Scores:

At Chicago—Chicago, 4; Pittsburg 3.

At Cincinnati—Cleveland, 4; Cincinnati, 3.

At Boston—Boston, 10; Brooklyn, 2.

At New York—New York, 6; Philadelphia, 4.

At Washington—Washington, 7; Baltimore, 5.

At St. Louis—Louisville, 3; St. Louis, 2.

Games today: Pittsburg at Chicago, Cleveland at Cincinnati, Louisville at St. Louis, Brooklyn at Boston, Philadelphia at New York, Washington at Baltimore.

It is probable that a large proportion of the last named will eventually be awarded the next subscribers on the list.

SPAIN STILL KICKING.

Insists That the United States Has No Right to the Philippines.

Madrid, Sept. 27.—[Special]—According to the newspapers the minister of foreign affairs has telegraphed the Spanish commissioners at Paris that Spain considers that the United States has no right to retain the Philippines, and if it holds Manila it must be only as

perpetual possession. Their course, it is understood, is dictated from Madrid, and they will not move an hour before they are compelled to. The hope that Spain will yet be permitted to rule Cuba has not departed. Much is expected from Spanish diplomacy at Paris, and with fatuous tenacity the expectation of European intervention to prevent the independence of Cuba is yet entertained. The Spaniards, however, treat Americans with marked consideration, and seem anxious to avoid anything that will irritate or offend them.

THE LOSSES FEW.

During the time the company was stationed at Jacksonville they lost some equipments, but they were comparatively trivial when one takes into consideration the time the boys were in the south. Lieutenant Caldwell stated last evening that his object here was merely to take an inventory of the property on hand and also to give a few preliminary orders in regard to the mustering out, which will come some time next month. At just what time he says he is unable to tell, nor is he able to state anything definite in regard to what the men have coming to them when they are mustered out. He says it is all guess work with him, or in other words it is none of his business.

Mrs. McEwan was one of the first school teachers in this township and quite a number of aged men remember her as one of their first teachers. Her first school was taught in the house of David Sowle, north of this village; another in a building on the farm now Hon. S. C. Carr's, and she was also a teacher in Milton Academy for a time. She was a model wife, affectionate mother and kind neighbor and will be much missed in religious and social circles. One daughter, Mrs. H. C. Curtis, of Waupun, and one son, W. A. McEwan, of this village, survive her. The funeral takes place Wednesday at 2 p. m. from the M. E. church, of which deceased was an honored member.

Magnolia

Magnolia, Sept. 28.—The flag raising and picnic in District No. 6 last Friday was one of the most perfect affairs that it has ever been our privilege to attend. Everything passed off in perfect order and much praise is due the teacher, Miss Sullivan. The children did honor to themselves in speaking and singing. Speakers Lugg, Ross, Newton, Dickerson, Cunningham and Hendricks gave addresses which held with interest the large crowd. One feature of great importance was the music furnished by the Porter band which was really fine. Tables were spread with everything good and now a fine flag floats from a pole fifty feet high in front of the schoolhouse. Long may it wave o'er the land of the free and the home of the brave. Ernest Setzer has again had one of those terrible attacks of neuralgia. Mrs. Edgar Thompson is on the sick list. We were pleased to see the faces of Lulu Howard, Tilly Acheson and Jessie Andrew in church last Sunday. They are attending school in Janesville. Harry Roger died in Milwaukee this morning were the words which greeted our ears Saturday afternoon as we alighted in Evansville. These sad words brought to our mind that Harry was a boy of our town, attended school with our children, grew to manhood in our neighborhood and we feel proud of his patriotism which showed itself at the first call of his country, and although he never had a chance to fight the Spaniard he was a hero just the same and we honor his memory. Blood will tell. His father, a soldier in the civil war, lies with the stars and stripes waving over his grave in our little cemetery. As we passed down the street we saw Thos. Austin, another of our boys, and we had the honor of shaking his hand. The fever has made terrible havoc in his face and frame, but the fire of patriotism still shines from his eyes, and we are proud of him too. The dear young men who took their lives in their hands and left home, mother and all that was dear, that he may soon be restored to perfect health is the wish of his many friends here. Elder Sewell preached his farewell sermon Monday. Wilson Brown is very low. The malarial fever with chills, contracted in the army thirty years ago, is reducing his strength. He is confined to his bed all the time. Mrs. Frank Chase is to be around again. Mrs. G. H. Howard is sick with la grippe.

Garthwait and daughter Muriel, of Milton Junction, J. L. Spencer, of Milwaukee, Miss Amy Vincent, of Alfred, N. Y., Mrs. H. C. Mayvott and daughter Ella, visited at N. M. Rose's this week. C. D. Balch is building an addition to his house; Mr. Magoon is doing the work. James and Henry Bliven, of Albion, visited at Joseph Tassett's Saturday. E. G. Brightman had the misfortune last Friday to cut his foot quite severely. Dr. Maxon was called to dress the wound. Oscar Olson and family will move to Chicago this week where he will work at his trade. There were no services held here last Sabbath on account of the death of our pastor's mother, Mrs. Davis, of Milton Junction. Mr. Tolbert has the sympathy of the church in his bereavement. Homer Balch will work H. W. Green's farm next year. N. M. Rose went to Whitewater Sunday. George Richel is working for Elmer Vincent during his absence. The many friends of T. I. Lowe, of Jacksonville, will be sorry to learn that he is again sick with fever in the hospital at that place. The news was received here Saturday in a letter written by his nurse. The S. D. B. Quarterly meeting will meet with this church one week from Friday beginning Oct. 7. M. Raybor is threshing for Orlo Vincent today.

Afton, Sept. 27.—Arthur E. Bestor closed his labors as pastor of the Baptist church here last Sunday, and will resume his studies at the University of Chicago. Mr. Bestor has proven himself a capable young man in the pulpit and his services have been very acceptable to the people here, who will unite in wishing him success in his student work. He is a son of Rev. and Mrs. O. P. Bestor, of Evansville, and is a graduate of Wayland Academy at Beaver Dam. Mr. Bestor's successor in the pastorate has not been selected as yet. Next Sunday it is expected that Miss Simonds, a returned missionary from Burma, will conduct the morning service with Y. P. S. C. E. in the evening, and all are cordially invited to be present. A most delightful concert was given at the Baptist church last Monday evening by a Beloit trio composed of Mr. and Mrs. E. B. Knowlton and Mrs. R. J. Dowd. The object of the entertainment was the formation of a singing class for the winter with Mr. Knowlton as teacher. A large and appreciative audience was present and thirty-seven names were secured as the nucleus for a class. The first meeting will be held at the public school building next Monday evening, and all intending to join should be present. Carl Tank and family moved to Janesville to reside last Friday. Mr. Tank is night watchman of the Janesville end of the Evansville "cut-off." Mrs. F. D. Lathrop and trio of sons were visiting friends here last week. Her husband is now agent of the C. & N. W. Railway at Edmund, Wis. In the roster of schools and teachers given last week one correction must be made. The school in the Rummage district, of which Miss Edith Lynch is teacher, has not opened for the fall term yet; in fact the summer term does not close until next Friday. Miss Lynch will teach the school this winter. August Engelke and Fred Butticeoff attended the state fair last week. Mr. and Mrs. J. B. Humphrey and daughter Ruth spent Sunday with Brodhead friends. Solid Rock Camp No. 1127, R. N. A., held its first meeting at the hall last Saturday evening. The state deputy, Mrs. Eva Child, of Hanover, was present, and instructed the members in the ritualistic and floor work of the order.

Shopiere.

Shopiere, Sept. 27.—The Modern Woodmen will give a social party at the hall Friday evening of this week. Henry Harman and wife are rejoicing over the arrival of boy No. 8; mother and son doing well. A. D. Parker was at the state fair last week, and will be at the Elkhorn fair this week, in the employ of the Thompson Manufacturing company, of Beloit. Bert Sweet left here Wednesday last for Janesville, to move the goods of Mr. and Mrs. Spicer to Delavan, their new home. He returned Sunday. Mr. and Mrs. Wynan Graves, of Neenah, are visiting relatives and friends in this place, their former home. Bert Stewart left for Milwaukee Monday, where he expects to study dentistry. Wm. Knipschild arrived in this place on Thursday last from Jacksonville looking pretty peaked from the effects of the typhoid fever. Every one was pleased to see him. He was the only one to enlist from this place. Tommy Atkinson used to live here but has been in Janesville for the past two years. I don't know whether we can claim him or not. Mrs. M. P. Allyn was called to Rockford on Friday on account of the illness of her sister, Mrs. Shoers. The Dean boys are improving slowly. They look pretty thin after their long tussle with typhoid fever. Libbie Butler was home on Sunday from Janesville. Nelson Wheeler has bought the McDaniels' place at Turtleville. Elder Jerolmer has bought thirty acres of J. S. Parker. Charles Allen bought thirty-three acres of Mrs. Dan Spicer. A good many from this place expect to attend the fair at Elkhorn. George Daxstater is moving to Janesville. Will Harris will work his farm. Eve Fonda had the misfortune to lose part of one finger last week in coupling a threshing machine. Herman Briggs spent Sunday in Janesville. James Barker went north on Friday to spend a few days looking for land.

The event will take place at noon, Friday, October 7, at the home of the bride's parents, Mr. and Mrs. B. R. Clawson, at Brodhead. The prospective groom is a graduate of the state university at Madison, and is prominent in social and business circles. FRANCE A POSSIBLE ENEMY.

That Country May Recognize Philippine Republic.

COMPLICATIONS A CERTAINTY.

Negotiations Said to Be Under Way at Manila, Where President Fauro's Government Now Has Three Warships Stationed—Rumor Is Not Confirmed.

London, Sept. 27.—A special to the Globe from Hong Kong says it is learned from a trustworthy Filipino source that France has promised to recognize the Philippine republic.

It is added that negotiations on the subject are proceeding at Manila, where there are three French warships.

STRONG SQUADRON FOR DEWEY.

The Oregon and Iowa, with Accompanying Vessels, Sail This Week.

New York, Sept. 27.—A dispatch to the Herald from Washington says: Instructions given by the navy department to Capt. A. S. Barker, commanding the battleship Oregon and senior officer of the squadron, under orders to proceed to Manila, require him to sail during the present week for Honolulu.

Reports received at the department announce that the Oregon is ready for the voyage and the Iowa will be in condition to sail tomorrow. The supply ship Celtic, the distilling ship Iris and the four colliers which will accompany the battleships will be ready during the next few days.

The department is considering the advisability of attaching to the squadron the engineering repair ship Vulcan, which did such excellent work in Cuban waters. Admiral Dewey is in need of such a vessel. The Vulcan received orders yesterday to come north at once. She will undergo such repairs as may be necessary, take on board supplies and will be ready for the voyage by the latter part of the week, if it is decided to send her. With the Vulcan at Manila it would be unnecessary to send the ships to Hong-kong for repairs.

For the benefit of American commerce steps are being taken by the navy department, in accordance with the recommendation of Commander R. B. Bradford, chief of the bureau of equipment, to make a thorough survey of the more important harbors of Cuba and Porto Rico. The yacht Stranger, under command of Lieut. G. L. Dyer, is being fitted out at Norfolk with surveying instruments and will carry the party to the islands.

These are the things about our Shoes for boys and girls that we had in mind when we bought them, and want you to keep in mind now. The third is that they'll prove so satisfactory and serviceable that you'll come to us again when you have a Shoe want. If there are any better Shoes in America than those represented by our fall stock their manufacturer has succeeded in keeping himself hid away from us. DUBUQUE FACTORY MAY LOCATE HERE

MADE THEM.

Idea Is to Have the Shoe Factory of Kolf & Fuller Locate in Norcross Block—Local Capital Is Back of Enterprise—Nothing Has Been Definitely Closed.

Negotiations are now pending for the removal of the Dubuque, Iowa, shoe factory of Kolf & Fuller to this city. In case the deal is closed the idea is to have them occupy the quarters in the Pliny Norcross block on South River street vacated by the Richardson shoe Co. who moved to Menominee, Mich. As yet nothing of a definite nature has been closed by those interested in the deal.

Long In Contemplation

For the past few weeks interested parties have been on the alert in hopes of raising enough capital here at home or to interest outside parties so that a shoe factory could be started here to replace the Richardson factory. Those who have been at the head of the enterprise have met with success on all sides from moneyed men who thought enough of the plan to willingly lend it their financial support by saying that they would take stock. A short time ago word was received here that the wholesale manufacturing firm of Kolf & Fuller, located in Dubuque, Iowa, were looking about for a new location. Not that they desired a new town, but more roomy quarters is now what they are after to meet a constantly growing trade.

Investigated the Matter

On hearing of this firm's intention the local parties interested sent Wallace M. Carrier, of this city, to Dubuque to personally inspect the factory and look into the history of the firm and see what could be done towards having them locate in Janesville. Mr. Carrier on his return reported conditions just as stated, and says that although the Dubuque firm is a small one at present it will no doubt soon be regarded as a more important one for the reason that the business is growing from day to day. Kolf & Fuller are also looking for a new location, and promise to send members of the firm to Janesville soon to look over the situation here. Just when they intend coming they could not state.

A Desirable Industry.

The firm of Kolf & Fuller is one that manufactures only men's, youths' and boys' shoes, and their work is regarded as being in demand through the country.

"In case this firm can be induced to locate here," said one of the interested parties this morning, "it will prove a good thing for the town in more ways than one. Many of those who resided here and went to Menominee with the Richardson factory do not like things up there, and they could be easily induced to return if work at equal wages awaited them in Janesville."

Bishop Green's Position.

Cedar Rapids Ia., Sept. 27.—The Rev. Thomas B. Green has declined the election to be bishop of the Episcopal diocese of Iowa, because of the veiled charges that have been insinuated against him by some of those who refused to make unanimous his election at the recent special convention. However, he does not retire from the field. He places himself before the regular diocesan convention, to be held in Cedar Rapids, his home city, early in December, and seeks re-election there.

FOOD FOR CYCLERS.

Goes Farther, Lasts Longer, and Tastes Better.

The bicyclist who takes long rides needs nourishment in a condensed form. The loading up of the stomach with heavy food, will work serious injury.

Cyclers and athletes who have tried the delicious Grape-Nuts, lately placed on sale with our grocers, are loud in recommendations of them as a condensed food that builds flesh, strength and muscle, while at the same time is easily digested.

It is an undeniable fact that more hard work, physical or mental, can be done on a meal of Grape-Nuts than upon any food in existence.

Proof of this is to be found among those who use Grape-Nuts and have the experience.

Add this to its delicious flavor and its popularity is understood.

They are made by the Postum Co., Battle Creek, Mich.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

SOLEMN MASS SAID FOR DEAD PRIEST

FORMER JANESVILLE DIVINE
HONORED.

Impressive Services Held at St. Mary's Church This Morning—Funeral of Florian Bahr, Clarence Terry and Peter Sennett Held Today—Other Funeral Arrangements.

At St. Mary's church this morning solemn requiem mass was celebrated in honor of the late, Rev. Father Munich, former pastor of the church, whose demise took place at Jefferson, on Saturday. Mass took place at 8 o'clock this morning, celebrated by Rev. Father William A. Goebel assisted by Rev. J. J. Bourgmeyer as deacon and Rev. F. Hess, of Waterloo, Iowa, as sub deacon.

Peter Sennett

The remains of the late Peter Sennett arrived in the city last evening from Joliet, Ill., at 8:10 o'clock and were taken to the home of the sister of the deceased, Mrs. Martin B. Dolan, 153 Rock street. The remains were accompanied by Alderman James Sennett. At 9 o'clock this morning services were held from St. Patrick's church and were largely attended. The floral offerings were numerous, and the interment was in Mount Olivet cemetery.

Late particulars regarding the manner in which Mr. Sennett met death show that the deceased was employed by a contractor as a teamster and was sent to town for a part of a harness. On the way he was compelled to cross a double railroad track. He saw a freight train approaching and while looking out for that did not remember the passenger train, and in stepping from one track to the other he was struck by the passenger engine and thrown against a telegraph pole. Both legs, one arm and his neck were broken. His face was only slightly scratched.

M. M. Phelps.

Funeral services over the remains of the late M. M. Phelps will be held from the house tomorrow afternoon at 2:30 o'clock. Rev. W. A. Hall, of Court Street church, officiating. The interment will be in Oak Hill cemetery. Casket will be opened from 10 to 12 o'clock in the forenoon.

Twenty-six members of the Rock County Bar association met this morning at the law office of Smith & Pierce and resolutions were passed on the death of the late Judge M. M. Phelps. The bar passed a motion to attend the funeral in a body and also to draw up proper resolutions to be presented to the court.

County officers and courts were also requested to close as well as placing all the flags in the city at half mast. A committee to draft proper resolutions was appointed as follows: Hon. H. A. Patterson, Judge L. F. Patten, Judge J. W. Sale and William Smith.

Mrs. Celeste Tompkins Jackson.

Mrs. F. C. Cook has received word of the death of her cousin, Mrs. Celeste Tompkins Jackson, daughter of Judge William F. Tompkins, which occurred in Washington, D. C., September 25. Mrs. Jackson's mother passed away in Washington a few weeks ago. Mrs. Tompkins was a sister of Mrs. Levi Alden, and the family were well known in Janesville in the forties.

Florian T. Bahr

From the Jefferson street home at 1:30 o'clock this afternoon brief services were held over the remains of the late Florian T. Bahr. At 2 o'clock services were held at St. John's German Lutheran church and the interment was in Oak Hill cemetery.

Clarence Terry.

All that was mortal of the late Clarence Terry was laid to rest this afternoon in the cemetery at Emerald Grove. Services were held from the town of La Prairie home at one o'clock, there being a large gathering of loving friends in attendance.

SPLENDID LECTURE COURSE

Strong List of Attractions for the Y. M. C. A. This Season.

The second annual lecture course of the Y. M. C. A. opens October 3, with Colonel L. F. Copeland, "The King of the Platform." Colonel Copeland has been heard before by Janesville people, and is one of the best known platform orators of the day. His lectures are instructive and witty, and hold his audience spell bound. The lecture committee of the Y. M. C. A. is to be congratulated on securing so eloquent a speaker and such a splendid attraction for the opening of the lecture course. The entire list of attractions booked for the coming season are of the very highest order; talent that has been seen in the largest cities of the United States, and it is safe to say there are none better of their class anywhere.

There are ten members in all on the list:

1. Col. L. F. Copeland, Oct. 3.
2. Lyric Ladies' Concert Co. Oct. 31.
3. John R. Clarke, Nov. 22.
4. John Temple Graves, Dec. 9.
5. Prof. Louis Favour, Dec. 27.
6. Patricia Concert Co. Jan. 17, '99.
7. S. M. Spedon, Feb. 10, '99.
8. Patriotic concert, Feb. 22, '99.
9. Vaudeville Varum March 8, '99.
10. The nature and date of this number has not been fully determined.

The tickets for the course are but \$1.50 each, excepting association members and members of the Ladies' Auxiliary, to whom tickets will be given at \$1.00 each. The season ticket price of \$1.50 is extremely low, considering the quality of the attractions. Rating each one at 25¢ each the ten numbers individually would cost \$2.50, which is a low figure indeed. Col. Copeland's lecture.

coming as it does in one week, season tickets should be secured this week. These tickets can be had at the Y. M. C. A. building, Palmer & Sams's drug-store, or at the Janesville Clothing Co's office.

IT WILL BE A NOTABLE EVENT

Tonight's Performance at the Opera House Will Be Grand.

Wm. Childer's production of Sutton Vane's powerful melodrama "The Spin of Life" which comes to the Myers Grand tonight is spoken of as a veritable panorama of attractions. In the course of four acts, some ten or twelve different settings are shown, some of which—notably those of the human

bridge; the lighthouse and the mines of South Africa—are described as gems of stage setting. The costumes and stage settings generally are said to be in keeping with the elaborate staging of the piece.

The sale of seats for the performance has been exceedingly large and the promise is that the audience will be one of the best of the season. It is safe to say that no one will regret having seen this greatest of modern spectacles.

HAPPY LOVE.

While they sat before the fire
Nothing more did he desire
Than to get a little nigher
If he could.
And his heart beat high and higher,
And her look grew shy and shier
When he sidled up close by her,
As he should.

Then he ventured to inquire
If her sister, Jane Maria,
And her mother and her sire
Were quite well.
And from time to time he'd eye her
As though he would like to buy her,
And his bashfulness was dire
For a spell.

When his husky throat grew drier
Then he told her that the squire
To himself would gladly tie her
If she would.

Might he now ask her sire?
And he thought he would expire
When she said to his desire
That he might.

FARMERS TO FIGHT HAIL ASSESSMENT

DEMAND VOUCHERS FOR THE
SUMS EXPENDED.

Prominent County Men Talk About a Contest in the Courts—Not Disposed to Meet the Demands of the Sparta Concern Without Further Explanation.

The men who are assessed 5 per cent by the Wisconsin Mutual Hail Insurance company, are planning to fight.

Under the laws of Wisconsin no mutual insurance company can levy an assessment for any other purpose than to meet a bona fide deficit caused by the payment of losses. Stockholders in the Township Mutual point out that a 5 per cent assessment on all the stock in the company would raise an enormous amount. They demand proof that such an amount is needed to pay losses before they go into their pockets for cash.

One prominent farmer writes to 'The Gazette' as follows:

Editor Gazette—According to the laws of the state of Wisconsin—All agreements in which there is fraud are void.

Contracts for extortion are prohibited.

Contracts in which there is misrepresentation or concealment of facts cannot be enforced. It is fraud to conceal a fraud.

If any part of a contract can be proven illegal, the whole is illegal. An agent acting deceitfully is responsible to third parties.

Bear these facts in mind in connection with the deals of the Farmers' Mutual Hail Insurance company. Agents of that company promised the farmer he would not be assessed this year as they had a fund made up of membership fees sufficient for all losses. Then when the loss was adjusted agents emphatically assured the farmer that there was no possibility of his being assessed over 1 per cent.

Careful inquiry has failed to find one member that has been allowed more than his assessment. A few who had their crops seriously injured or who could not be saved orajoled into an easy settlement were simply dropped. These being the facts we see no reason why any member should meet the demands of this company.

Shall we not meet at an appointed place and form ourselves into an organization to withstand these demands?

New York Towns Suffer Heavy Damages.

MANY PERSONS INJURED.

Clear Path One Hundred Feet Wide In Cut for Ten Miles—Houses Demolished and Inmates Buried in the Debris—Deaths in Canadian Towns.

Tonawanda, N. Y., Sept. 27.—This city was visited about 5 o'clock Monday morning by a cyclone, which demolished houses, uprooted trees, overturned freight cars and swept a clean path about 200 yards wide for a distance of ten miles.

The cyclone swept over Grand Island before reaching this place, and it is reported that several people are killed on the island.

One unidentified woman was picked up by the funnel-shaped cloud and disappeared from sight, her body not having been found up to this hour.

While crossing from Grand Island to the main shore the cyclone formed a waterspout in the Niagara river fifty feet high. It then swept around the south end of the city, travelling east, and flattened out the buildings in its path. Telegraph and trolley wires are down and a hundred homes are demolished.

A complete list of the injured in Tonawanda has not yet been obtained as the residents of the district in which the cyclone did the greatest damage are scattered through the town. A 9-year-old boy named Malchow, together with his 10-year-old sister, living in Fuller street, are reported killed. Following is a partial list of the wounded:

Herman, Mrs. August, three ribs broken; injuries fatal.

Monette, J., both arms and legs broken; injuries fatal.

Post, Marie, infant daughter of John Post, struck on the head with brick.

Peters, Mrs. Charles, internally injured.

Peters, Ella, infant daughter of Henry Peters, head injured.

The common council and citizens' committee will devise means for taking care of the sufferers.

CHILDREN CAUGHT AT SCHOOL.

Five Dead at St. Catharines, Ont., and Many Are Injured.

St. Catharines, Ont., Sept. 27.—A cyclone struck Merriton, three miles from this city, with terrible violence Monday afternoon, killing five persons and injuring many. The dead are:

O'NEILL, CLARA, employed in the Lincoln paper mills.

BICKLEY, MRS. John.

MOFFATT, FRANK.

MCCARTHY, JAMES.

O'NEILL, MAUD.

The seriously injured are Jennie Nester and R. Bradley, both employed in the Lincoln paper mill; Arthur Bradley, S. Murray, Edward Doyle, Bessie Kerr and W. H. Wilson.

The Lincoln paper mill was unroofed and badly wrecked, as was the power house of the Acetylene Gas works.

Other prominent buildings unroofed or partly wrecked were the Orange hall, the public school, St. James' church and the Presbyterian church.

Forty pupils were in the public school when it collapsed. The children were covered with piles of debris and many were badly injured. Frank Moffatt, one of the pupils, was dead when taken from the ruins.

Mrs. John Bickley was killed just as she was about to enter the front door of her house, a flying piece of lumber striking her on the head.

In St. Catharines the armory of the local militia force was practically demolished. Falling chimneys crashed through the roof of the collegiate institute, narrowly missing a company of students which was drilling.

McHugh's cigar factory lost its roof. Packard's electric works were badly shaken up and one storage warehouse demolished. Ratcliffe's large ice house on the banks of the Welland canal has completely disappeared. The St. Catharines house was badly wrecked.

Big Combine of Flour Mills.

New York, Sept. 27.—According to a persistent rumor circulated on the produce exchange the big flour-mill combination of the northwest is either completed or nearly so. A consolidation of the flour mills at Minneapolis, New York, Duluth, Superior, West Superior and Milwaukee was projected several weeks ago. It is reported that the combination is capitalized at \$150,000,000. The companies interested have a capital of only \$60,000,000 and it is considered a part of the plan to absorb other mills.

Cuban Prisoners May Be Freed.
Washington, Sept. 27.—Capt. Gen. Blanco has replied to a request from the Spanish minister of the colonies for advice concerning the disposition of Cuban prisoners now held in Spain by saying that he can see no reason why they should not be given their freedom. It is probable that as a result of Gen. Blanco's recommendation nearly all of the Cuban political prisoners held in Spanish prisons will be liberated.

DANGEROUS SURGERY.

Death Follows the Surgeon's Knife—Not the Surgeon's Fault, Of Course, He Can't Help It—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, and Without Danger.

People go along for years suffering with piles. They try this, and that and the other thing; from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back.

They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing there is only one speedy cure and sure remedy. It is Pyramid Pile Cure. Even in light cases it is the safest thing to use. Other applications may cure and may not. Pyramid Cure is always certain, and always reliable and always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts.

It is better than the knife. Will cure easier, quicker and safer. Thousands have been cured by it.

The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles.

Druggists sell Pyramid Pile Cure. If yours hasn't it he will get it from the Pyramid Pile Drug Co., of Marshall, Mich. (sole manufacturers.)

Electric Discharges of Fishes.

Some interesting facts have recently been compiled with reference to fishes which have the power of generating electric discharges. Of the fifty species of fishes possessing organs capable of giving electric discharges, three have a particular interest. These are the torpedo fish, which is found in the Bay of Biscay, and belonging to the skate family; the electric eel of the Orinoco, and the thunderer fish, found in the Nile and other African waters. The charge is developed by some chemical process occurring in the plate in which the electric nerve filaments end, and in some instances the discharge is from the head to the tail, while in the case of other fishes the reverse is true. In a full-sized electric eel or gymnotus, the voltage is probably from three hundred to eight hundred volts, and is easily capable of stunning a man. The momentary currents are sufficient to deflect a galvanometer or magnetize a needle. It is to be noted that the generation and intensity of the discharge are under the control of the animal, which is apparently in no way affected by the action. Also, there are no insulating materials in the fish, and the greatest economy is shown in the generation of the electrical energy.

MINERS CALL ON TANNER.

Union Men Ask the Governor to Aid in Keeping Out Imported Labor.

Springfield, Ill., Sept. 27.—Gov. Tanner was visited Monday by a large delegation of miners, principally from Mount Olive. Their object was to ask the co-operation of the governor in preventing the importation of miners into the state to take the place of strikers. The governor told them he was heartily in accord with their ideas upon the importation of foreign labor, and expressed the opinion that the class of men who could be imported for such purposes would make undesirable citizens.

However, the governor said his powers in the matter were limited by the constitution, and he could only act where, in violation of the law, armed bodies of men were brought into the state. He believed that county boards or supervisors could limit the evil by refusing to pay deputies appointed for the purpose of guarding imported laborers. Arrangements are being made by the local union to send back the Alabama negroes sent here to work in the Virden mines.

Two Ways

One way is to lie, cheat, swindle, fool the people for six or eight months, get all you can, keep all you get and run away between two days. It is harder work than horse stealing, but it doesn't require as high an order of intellect. The other way is to tell the truth, sell honest goods, guard your reputation and build up a business that will last after you are dead and gone. It isn't easy, but it is worth all the work it costs. We have been building hardware business and reputation for thirty years; each year has seen an advance over the previous one and from present indications we think people will know this store after we are dead and gone.

We are Pleased

To say we are very much alive now though. More agile than ever along the stove line this fall. We never bought so many stoves before as we have this fall and our stove business never opened up with such a rush at such an early date as it has this season but we are prepared for all comers. Southern Wisconsin never had a store with such a complete line of good stoves as we show.

The World Famous Garland

A stove that all confidence can be placed in, when you rely on the judgment of the stove dealer (which nine out of ten people usually do,) as to the stove that will give you perfect satisfaction. The Garland always fills the bill.

The Best Go-Between Stove

Ever introduced is the AIR TIGHT fine heating apparatus for spring and fall. They heat wonderfully, are economical, and hold fire 48 hours. We show the most complete line of Air Tights in the city, all sizes.

Our list of second-hand cookers and heaters in good order is large and contains many bargains.

If This Heat

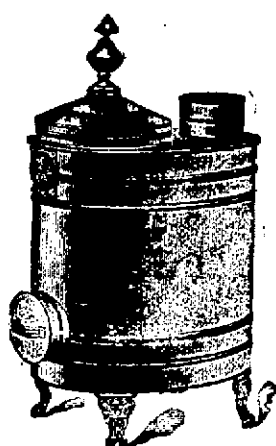

Could be stored up until next winter we wouldn't be obliged to buy stoves,

but as it is the earlier the winter fixings are in the better order you will be prepared for the first cold snap. Don't put off a necessity.

TO OCCUPY PINAR DEL RIO.

Plans of the War Department as to Cuba.

HAVANA TO BE TAKEN NEXT.

Big Army Not Likely to Be Sent to Garrison the Conquered Island—Lives and Health of the Troops to Be Well Looked After.

Washington, Sept. 27.—The American army of occupation, in the opinion of Acting Secretary of War McKeljohn, will take possession first of the Cuban province of Pinar del Rio. This is the westernmost province in the island, but it is next to the province of Havana, of which the city of Havana is the capital. The Spaniards have suggested that the American government begin taking possession of Cuba by sending garrisons to the eastern end and gradually working westward. This transparent proposition is intended to lengthen the undisturbed occupation of Havana by the Spanish army, but it is not agreeable to the American authorities. Havana is the key to the island, and this government wants possession of that key as soon as the passage of the rainy season makes it possible to occupy it with a minimum of danger to the health of troops.

The proposition to begin the occupation in Pinar del Rio may be a delicate move to save the pride of the Spaniards. It will not long delay the American entry into Havana, and the Spaniards will be welcome to any flattering delusions they may derive from the fact that the invading host does not pounce upon Havana the first thing.

Secretary McKeljohn is still confident the movement into Cuba will not begin before Nov. 1, barring unexpected developments, and he says it may be deferred until the middle of November. The rainy season will not be well over before November and it will require a month or more to fit up the transports which are being transformed into fine troopships. There is a growing sentiment in some quarters against sending to Cuba and Porto Rico as large forces as have been proposed. It is argued that they are not needed and that a needlessly large number of soldiers would be exposed to disease. It has been the understanding in army circles that about 50,000 troops would be maintained in Cuba and 12,000 in Porto Rico. It is asserted that in times of peace the Spaniards often had no more than 25,000 in Cuba, and a member of the Cuban legation in Washington is quoted as authority for the statement that away back in 1895 the Spanish force was only 10,000.

SPAIN DEMANDS PHILIPPINES.

Also Wants Manila Restored Before Peace Treaty is Signed.

Madrid, Sept. 27.—An interview purporting to have been had with Duke Almodovar de Rio, foreign minister, confirms the report that Spain will demand that she retain her sovereignty in the Philippines and have Manila restored to her before she ratifies the treaty of peace.

The cabinet authorized Capt.-Gen. Blanco to draw on the treasury for 40,000,000 pesetas to be used toward the cost of withdrawing troops from Cuba.

Expects to Take the Colon.

Santiago de Cuba, Sept. 27.—Details received of the floating of the Spanish armored cruiser Maria Teresa show that, with the help of dynamite, she was blown off the rocks into deep water on Sept. 23 and proceeded under her own steam some time afterward to Guantanamo, accompanied by one of the tugs of the Merritt Wrecking company. She will shortly leave for New York. Naval Constructor Hobson says he can raise the Spanish cruiser Cristobal Colon with the use of air bags in a week if given authority to do so.

Alger Visits Savannah.

Savannah, Ga., Sept. 27.—Secretary Alger, Surg.-Gen. Sternberg, Quartermaster Gen. Ludington, and party arrived in Savannah Monday morning. They came to personally inspect the advantages of Savannah as a port of embarkation for troops to be sent to Cuba and Porto Rico. It is also said to be the intention of the government to make some city in the south a base of supplies to be sent to the troops, and Savannah may be chosen.

Ready to Evacuate Manzanillo.

Havana, Sept. 27.—The American evacuation commission has been officially notified that Manzanillo will be evacuated by Oct. 7.

Gen. Blanco has authorized the free entry of the Comal and other vessels bringing supplies for the relief of the sufferers in Cuba. Matanzas now and in the future, as reported, will be the first port where relief supplies will be landed, owing to Capt. Page's report of the distress existing there.

Col. Bryan Is Ill.

Gen. Lee Going to Washington. Jacksonville, Fla., Sept. 27.—Gen. Lee will leave to-day for Washington. It is understood he goes there on a summons from the war department.

Methodist Conference Adjourns. Kewanee, Ill., Sept. 27.—The annual Illinois conference of the Free Methodist church adjourned Monday. The next conference will be held in Belvidere.

Expect Shafter Back. San Francisco, Sept. 27.—Advices from Gen. Shafter to friends in this city state that he will soon return to resume his station here as commander of the department of California, relieving Gen. Merriam, who will probably be assigned to his former duties as commander of the department of the Columbia. Brig.-Gen. Miller says he may go to Manila on one of the first transports.

Liable to Seizure as Pirates.

Manila, Sept. 27.—The Philippine insurgent vessels, of which several are going about these waters, are flying no recognized flag and are thus liable to seizure as pirates by the war vessels of any nation. To prevent possible complications, Admiral Dewey is said to contemplate taking possession of the entire insurgent fleet.

Chinese Crisis Becoming Acute.

London, Sept. 27.—There are rumors in London that the Chinese crisis is likely to become acute. Russia is said to be planning a coup de main, possibly by establishing a protectorate over the whole of north China, and obliging the government to move the capital to south China.

Indians Making Threats.

Cass Lake, Minn., Sept. 27.—Reports from Loch Lake say the Indians there are threatening to burn the buildings and bridges of the Great Northern railway. A faction of the Indians opposed the railroad crossing the reservation. The arrest of some Indians for selling whisky and stirring up trouble generally is also resented. There is considerable uneasiness among the settlers about the reservation, and among the peaceful Indians, over the conduct of the lawless element.

Mennonites Are Gathering.

Bloomington, Ill., Sept. 27.—One of the largest and most interesting religious gatherings this year in the west will be the annual conference of Mennonites, which is to assemble at the Rock Creek fair grounds on Wednesday. It is the conference of the denomination for the states of Illinois, Ohio, Indiana, Iowa, and Nebraska. It will consist of 1,600 delegates and fully 4,000 visitors.

Deadly Soldiers Sick.

Guayama, Porto Rico, Sept. 27.—The hospitals here are still crowded with fever-stricken soldiers. There are now 150 convalescents waiting to be sent home on hospital ships. An equal number are unable to leave their cots, and seventy-five are seriously ill. The rations issued the men are meager and of an unwholesome kind. The poor, half-starved private soon succumbs, and is carried off to the hospital. The percentage of sickness in the Third Illinois today is 28, and fully half of this has been produced by lack of food.

HAVE VOTED FOR REVISION.

French Ministers Meet and Decide to Reopen the Dreyfus Case.

Paris, Sept. 27.—At a meeting of the cabinet Monday, all the ministers being present, a decision was reached in favor of a revision of the trial of Capt. Dreyfus and the documents in the case will be sent to the court of cassation.

Paul Deroulede presided at a meeting yesterday for the purpose of protesting against a revision of the Dreyfus proceedings.

He made a speech violently denouncing M. Brisson and all the prominent supporters of revision, and declared that if a revolution broke out and the scaffold were erected in Paris, the first head to fall ought to be that of M. Clemenceau. If Dreyfus ever returned to France, M. Deroulede asserted, he would be lynched.

In conclusion, he announced his intention of reconstituting the League of Patriots, which the government formerly dissolved, and a resolution to this effect was carried by acclamation.

Slight demonstrations were made late yesterday afternoon, but the crowds which gathered were quickly dispersed by the police.

Col. Bernal of the general staff, who has been in charge of the second department of the intelligence bureau in succession to Col. Henry, has been dismissed and sent to join his regiment. The reason for his disgrace has not been made public.

Many Soldiers Are Deserting.

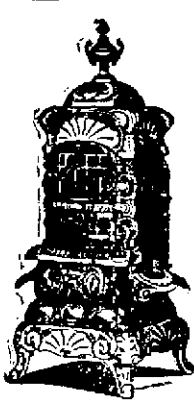

Washington, Sept. 27.—Unofficial advices reach the war department that a great many men are absent from Camp Meade, Middletown, Pa., without leave. It is stated that at least 1,000 have left this camp without permission, and only the leniency of the regimental officers in keeping the rolls prevents about half of that number being court-martialed for desertion. Every regiment stationed at Camp Meade is made up of volunteers and the officers, who are friendly to the men, are trying to prevent them losing their pay and to save them from being dishonorably discharged.

EPILEPSY CURED.

Had Fifteen to Twenty-Five Fits a Day and Was Insane for Ten Long Years. Permanently Cured By Dr. Miles' Nervine.

"My daughter was having from fifteen to twenty-five fits a day when she commenced to use Dr. Miles' Restorative Nervine, and after taking one bottle and a half box of Nerve and Liver Pills, the fits stopped. Kept on until she had taken seven bottles of the Nervine and two boxes of the Pills to insure a cure. It has been nearly a year now, and there has been no sign of the fits returning. My daughter had also been insane for ten years, and she was cured of this trouble at the same time."

DANIEL MYERS, Brooklyn, Mich.
Seven years later Mr. Myers again writes: "My daughter is all right and has had no return of that terrible disease."

"From childhood up I had epileptic fits, averaging from six to eight a month. Between these spells I suffered with the most excruciating headaches, holding my head for hours at a time. If I walked any distance my whole frame would shake and I would be obliged to sit down, or hold on to something for support. Once while holding a babe in my arms and a lighted lamp in one hand I fell to the floor in a fit, severely injuring the child and burning all my hair off. At another time I let a child fall from my arms on a hot stove. I employed physicians of every school and took medicine for years without obtaining any relief. Three years ago I read of Dr. Miles' Restorative Nervine and sent for a bottle. It gave me relief very soon and I continued its use until my

headaches were all gone and the fits were counted with the things of the past. Since that time I have enjoyed excellent health and am free from my old troubles."

Mrs. MARY LINS,
511 University Ave., Madison, Wis.

"When my little girl was nine years old she was taken with queer spells which the doctor at first called St. Vitus dance, but as she grew worse he said she had epilepsy. His medicine failed to help her and other physicians were called with the same result. Finally she became so bad that she had seventy-one fits in one day and nearly as many at night. Everybody gave her up to die, but I got a bottle of Dr. Miles' Restorative Nervine and began giving it as directed. She seemed to improve from the start and in less than a week the fits stopped. She had lost control of her speech, but a few more bottles of that wonderful medicine completely restored her to health. It has been over two years now since she took the last of the medicine and her health is splendid."

Mrs. ANNE LEWALLEN,
Siloam Springs, Ark.

"When but two years old my little son suffered a severe attack of la grippe, and as a result his nervous system was completely shattered. He began to be troubled with epileptic fits, and in spite of all our physician could do they gradually grew worse and more frequent. Finding no change in his condition we visited several

specialists in various parts of the country, but the result was the same. We commenced giving him advertised remedies and had exhausted nearly everything on the market before we tried Dr. Miles' Restorative Nervine. Then for the first time could we see an improvement in his condition. It gave us new courage, and as a result our boy has had no signs of his former trouble in over a year. We now consider him completely cured after a struggle which lasted five years."

M. M. HASKIN,
Frankfort, Kan.

"I took Dr. Miles' Nervine for nervous prostration and received so much benefit from it that I recommended it to a neighbor whose wife had epileptic fits, or 'spells' as they called them. From the time she took the first dose of the Nervine she had but one spell. Her health improved steadily and she was completely cured of her trouble and she never tires in her praise for the remedy."

M. L. ENYART, Macy, Ind.

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle will benefit or money will be refunded. Be sure and get Dr. Miles' Nervine. Take nothing else.
